

A built-in bathtub for your new home

The "Viceroy" built-in bath is one of the most beautiful enameled plumbing fixtures ever produced.

It is cast in one piece, and is exceptionally low in price, due to manufacturing economics.

This angactive tub is one of the latest examples of KOHLER trade-marked Enameled Plumbng Ware, which is notable forhigh quality and the pure

Visit our show rooms today and see the "Viceroy," as well as the KOHLER avaruries and sinks we are exhibiting.

THE NEW SERIES

Roadster \$620 Roadster \$620

This Overland is the world's most powerful low-priced car.

It has a 31½ horsepower en bloc motor that is a perfect marvel for speed, power and endurance.

By increasing the bore of the motor from 31/8 to 33/8" we are able to offer a power plant which at 1950 R. P. M. develops full 311/2 horsepower,

Tests under every condition in all parts of the country demonstrate that it easily develops better than fifty miles per hour on the road.

Speed of course varies under different conditions, but in practically every instance it has been getting fifty miles an hour and with case.

We have scores of telegrams showing that twenty to twenty-five miles per gallon of gasoline is not unusual. The performance of this car is almost beyond belief.

this new Overland. Compare them for sheer speed, for abundance of power, for riding comfort and economy, and you'll find this car will back anything else clean off the

That's a strong statement, but a fact nevertheless.

Try it yourself and see. Here are more important facts.

Take any other low-priced car on the market. Pit it against more than generous for a car of this size.

> Not only has it a large and roomy body, but it has an attractive, up-to-date streamline body.

It has the latest and most improved system of ignition.

It has the cantilever springsthe easiest riding springs in the world,

What's more, it's complete. Not a thing to buy. You get the finest Auto-Lite electric starting and lighting system, magnetic speedometer, oneman top, demountable rims and practically every acces-sory found on the highest priced cars.

It only goes to prove how big production can cut cost and save you money. First come, first served.
